POSTMAN

FIGMA

👜 WORK EXPERIENCE

Intern At BdTask

06/2024 – present

In joining this esteemed company, I am enthusiastic about the opportunity to broaden my skill set through hands-on experience and mentorship. I aim to actively contribute to meaningful projects, collaborate with talented individuals, and cultivate a deep understanding of the industry.

📄 CERTIFICATES

App Development with Flutter, Trainee At Ostad

02/2024 – Present

I've developed apps using Flutter and I'm gaining expertise in Dart, Flutter, REST API integration, GetX, BLoC state management, Firebase, and Google Maps to enhance my mobile app development skills.

📁 PROJECTS

Tredly, Flutter|Dart ↗

present

Design UIs from Figma, implement core features and create custom components, integrate REST APIs, manage errors, and implement caching. Following clean architecture principles, I leverage GetX for state management and actively contribute to feature development discussions.

Doflix, Flutter|Dart ↗

06/2024 – 07/2024

Create user profiles, rate movies, save favorites, receive personalized recommendations, track viewing history, and provide notifications for new releases. Also, offer a dark theme for nighttime use.

News 24, Flutter|Dart ↗

05/2024 – 06/2024

Allow users to customize their news feed based on preferences (e.g.topics, sources).Cache news articles for offline reading. Notify users about breaking news or personalized updates .Enable users to search for specific topics or article .Let users save articles for later reading.Allow users to share interesting news with friends.
